

John Newlin Ministries - realizing the power of a life in Christ -

In two dramatic events, God stepped into a man's life and changed it forever. The first in 1983 involved a miraculous encounter with an angel when he and his family were saved from certain death. A few years later on the New Jersey Turnpike, God came into his car in a stunning "Damascus road" meeting. The Holy Spirit had come in force! I am that man, and this ministry is one of the fruits of the relationship that began then.

One of the very visible gifts of this ministry is that of healing. We have seen many healing miracles, and I expect many more in this DAY of HEALING. Offering the seminar the same day as the healing service is a new step. I am often dismayed to see persons in difficult conditions show up at a healing service having no background or understanding of what God has done for them and what is available to them as believers in Jesus Christ. It's almost as if they are coming with the attitude "here I am, heal me, and then I'm back to my life as usual." That's not the way it works. Healing primarily is received by faith, and that faith has to be based on an understanding of God's word on the subject. Just as with everything else with God, it's part of a relationship. Yes, someone can be healed just by being in the midst of a high level of anointing, of God's presence. But how is that person going to maintain his/her healing when he leaves? Does he know the basics of praise, of the power of the spoken word, and other aspects of healing? Does he know how to protect and maintain that healing when he is challenged by non-believers? What about living within or outside God's word concerning health and life?

I hope that the seminar will provide a good base for those seeking healing as well as those interested in getting more involved in the healing ministry. Yes, God has blessed and challenged and burdened me with the call to ministry and in particular with the gifts of healing. Amazing things have happened in our meetings and outside them. People have been healed just sitting in our meetings and even over the telephone. But healing others is for all believers! Remember, Jesus said that those who believe will lay hands on the sick and they will be healed. He didn't say "might be healed". He said "will be healed."

NEW OFFICE NOW OPEN - 1201- B Floral Parkway (on the corner of Floral and Cherry) – Come Visit Us March 11, noon – 3 pm

Well, we are here, in the new offices! What a great place the Lord has brought us. Right in the center of New Hanover County, convenient to so much. And not far from the bridge for those coming over the river. We knew as soon as we stepped in that this was the place. The furniture previously given completely fills the space. God had it all planned, as we would expect.

Saturday, March 11, from noon to 3 pm, the offices will be open if you would like to drop by to see the new facilities. Please come if you have the opportunity. Our entrance is on the left side of the building. You can park in the back, on the side, or in the front.

All mail should still be sent to the postal address – P. O. Box 15797, Wilmington, NC 28408. Please also note the new office telephone and fax numbers at the bottom of this page.

GOD’S PROVISION/CURRENT MINISTRY NEEDS

God continues to amaze us as He provides for this ministry. We have a message, we are the messengers, but we do need senders. You are the senders. We can never express adequately our gratitude for all your support – prayers, funds, volunteer efforts, attendance at ministry functions and events – but we will keep trying!

When you visit the new office you will have the opportunity to see some of God’s provision – the furniture, a PC, computer printers, even a coffee maker all given by supporters of the ministry. Some of the items have been purchased with the funds you have generously provided, such as the wonderful laptop that enables us to make digital recordings of programs, record teachings, edit and print masters for new CD’s.

Oh, there are still key items needed:

- A CD duplicator machine (cost about \$1500).
- Amplification equipment (cost about \$1000).
- Ministry vehicle – a van or SUV to transport staff and equipment locally and on longer trips
- The funds to hold meetings, to pay for the monthly operating costs of the ministry, and to produce literature and recordings for others. Beyond all these is the real but expensive step of moving onto television as previously reported.
- Volunteers to work on various ministry tasks.
