

John Newlin Ministries, Inc.

-realizing the power of a life in Christ-

OUR MINISTRY TELEVISION PROGRAM *DARE TO BELIEVE!* TO BE ON DIRECTV AND TIME WARNER CABLE NATIONALLY!

Recently we wrote about the offer from INSP for us to have a weekly program on that network, thereby making our program available throughout the United States. Since that time there has been a second offer from another new Christian network, Destiny TV. Not as large nor as costly as INSP, it still will reach more than 90 million people after its startup on DIRECTV satellite television and Time Warner Cable. DIRECTV reaches everywhere in the US and Time Warner Cable reaches many areas, being the second largest cable television supplier. Through quick and wonderful gifts from several partners, we have been able to accept and go forward with the Destiny offer. We will have a weekly television program broadcast every Sunday night at 10:30 EST, thus being on at a prime evening time everywhere in the United States (9:30 CST, 8:30 MST, and 7:30 PST). When channel details are received we will notify you.

BEING HEALED AND STAYING HEALTHY IN THIS DIFFICULT TIME!

This is a dreadful and exciting time we are living in. Dreadful because many of the unpleasant things prophesied about this time before Jesus' return have happened and are coming about. Exciting because we are living in the season in which Jesus will return. Right now we are experiencing a great falling away from God, even as in pockets there are groups coming to Jesus and places where the Holy Spirit is inspiring moves of God. But overall society is declining. Jesus' first warning about this time was about deception. That is what we are all witnessing – deception, massive deception by some government and society leaders, even some “religious” leaders. The Bible also tells us that the devil has blinded the minds of nonbelievers, and now we see first hand how otherwise well educated and bright people can totally be misled and energetically back points of view that are not true.

All of this is painful for true believers in Jesus to see and to experience. At this time we need to be as close as possible to the Lord, ever in touch with him in continuing prayer, ever in touch with and guided by the Holy Spirit.

And we need to be as healthy as possible! Throughout this ministry we have taught often on divine healing. Jesus indeed took upon himself all our sicknesses and diseases and pain and overcame that. By his stripes we have been healed and made whole. Truth right out of the Bible.

He is willing to heal us. In fact, he has already done it. He in fact has taken care of everything that separated people from God. Now it is up to us to receive all he has done for us.

So many people who attend churches and are serious about the Lord do not know that healings and miracles are for today. They are. Those of you who have followed us or been to our meetings or services know that people really are healed – sometimes instantly, and sometimes over time. And there are some who never seem to receive their healing, although if they are believers they receive the greatest healing of all when they join Jesus.

In this difficult time we thought it wise to put together all the material we have produced on healing. Enclosed is a new brochure which presents and describes eight different CDs on aspects of healing. It also lists healing handouts such as scriptures and keys to receiving that are available. The CDs and handouts can be requested by mail, by calling, or by using the web site. These handouts can even be printed from our web site.

Please consider all this not only for yourself and your family but also for other people you know who could benefit from them. Sometimes, in fact, you can give CDs or handouts to people who otherwise would not be open to your talking with them about Jesus or healing. And don't forget all our television programs on healing available every day through the web site and through YOUTUBE.

A last point – It is amazing how far-reaching the newsletter, brochures, CDs, and other ministry items such as the web site, the television programs, and the videos on the web site and YOUTUBE really are. From time to time we receive reports of the newsletter being used as a base for a Sunday School class, or a particular one taken as a class resource. Recently a friend told how an employee was very upset over world events. Our newsletter had just arrived, and he gave it to the employee. After reading the employee accepted Christ, praise God! So leave the newsletter or brochure in places others might see, or pass it on. Just like with our web videos and other material through which God has touched people from far away such as India, Ghana, Canada, Germany, and elsewhere. People we've never seen report having their lives changed! God is using all this. Your prayers and your contributions to the ministry make all this possible.

Remember, God wants you well!!!! Get it? Well!!! Why die before your time? You've made it this far. Be here when Jesus returns!

BE SURE TO READ "JOHN'S BLOG"

Events are now happening in our world at a rapid pace as we near the return of the Lord. From time to time I send out *Signs of the Times* emails to those on our email list. But many of you are not on that list! If you are not, let us have your email. And please read the ministry blog. Keep up with it. I will post key observations and updates of events in the world and how they relate to the return of the Lord. Some of those postings will frankly be warnings.

Don't miss our blog. You can get there through the ministry web site (menu column on home page) or by going directly to the blog at johnnewlin.blogspot.com.

May you live in the blessings of God always. And never forget to do what it says at the bottom of this page!

John
